

QUALITY POLICY

“Murphy Machine Products is committed to providing its customers with quality products and services that meet or exceed the customer’s expectations every time, all the time, and at a fair price. To accomplish this goal each employee has the responsibility and authority to stop any process producing substandard products or services. The authority to stop such processes shall be exercised through the designated organizational channels. It is a further objective of the Company to continually improve the quality of its products, services and the effectiveness of the QMS.”
